

# Introducing ... the **CURVE**

8' unit in red shown with optional Rod End Rack

## Stay ahead of the competition

**B**lending modern design with space-saving retail efficiency, the Curve is the next generation of Trinity merchandising units. Used as an aisle or as an island unit, the Curve transforms showrooms into destinations for hardware-buying customers.

- **Sleek Design:** Offer functionality in a design sure to grab customer attention. Standing 5' tall, the Curve sits at the perfect height for shoppers and is available in unit lengths of 4', 8' or 12'.
- **End-Cap Support:** Make the most of additional retail space with a slot wall and optional rod rack.
- **Maximum Product Storage:** Each 4' section of the Curve holds 144 Sure-Lok storage pans offering nearly 3,000 lbs. of product capacity.
- **3 Custom Colors:** The Curve's durable metal shelving bins come in gray, green and red.
